

BURNHARD

WE WILL NEVER
We stay wild!
BE ORDINARY.

We are BURNHARD!

BURNHARD ist the brand for hardcore BBQ lovers, pizza perfectionists and those who know that the best moments happen outside. Since 2018, we've been firing things up from Düsseldorf – with performance-driven gear, precision-engineered and tough enough to take the heat.

What sets us apart? We keep it real. We stay close to our ever-growing community: honest, direct, and down to earth. Because we grill like you do, we know exactly what matters when the heat is on. We believe BBQ is about more than food: it's about passion, connection, and freedom. Our vision? **To excite and unite people through cooking outdoors.** What drives us? Making sure everyone gets their ultimate outdoor cooking experience – no compromises, no clichés.

That's why we challenge the rules of the game. Every single day. With attitude, bold ideas, and a burning desire to break boundaries.

We will never be ordinary. We stay wild. We burn hard.

Till Fritzsche-Rüschbeck
Founder & CEO

BURNHARD has been founded as D2C brand with the mission to become the leading European brand for Outdoor Cooking.

Designed and engineered in Germany...

... built for the ultimate
BBQ experience.

BURNHARD is firing up the old-school BBQ and outdoor cooking scene.

From our HQ in Düsseldorf, our crew of engineers, product pros, designers and fire-obsessed foodies builds the gear that truly delivers: gas grills, smokers, pizza ovens and all the tools that make outdoor cooking next-level. No fluff, no compromise. Just full-on performance at a fair price.

Engineered in Germany means smart design, rock-solid engineering and serious power for serious outdoor cooking!

GRANT is your fully customisable gas grill!

New
2025

Your barbecue. Your vision. Your rules. GRANT isn't just any barbecue – it's YOUR barbecue. From a compact setup to a full-blown outdoor kitchen, this **modular gas grill** lets you build it your way, from the ground up. Crafted from **premium materials** and designed for **maximum flexibility**, GRANT adapts to whatever you've got planned.

3.5 kW
infrared ceramic burner
(interchangeable)

2.8 kW
side cooker
(interchangeable)

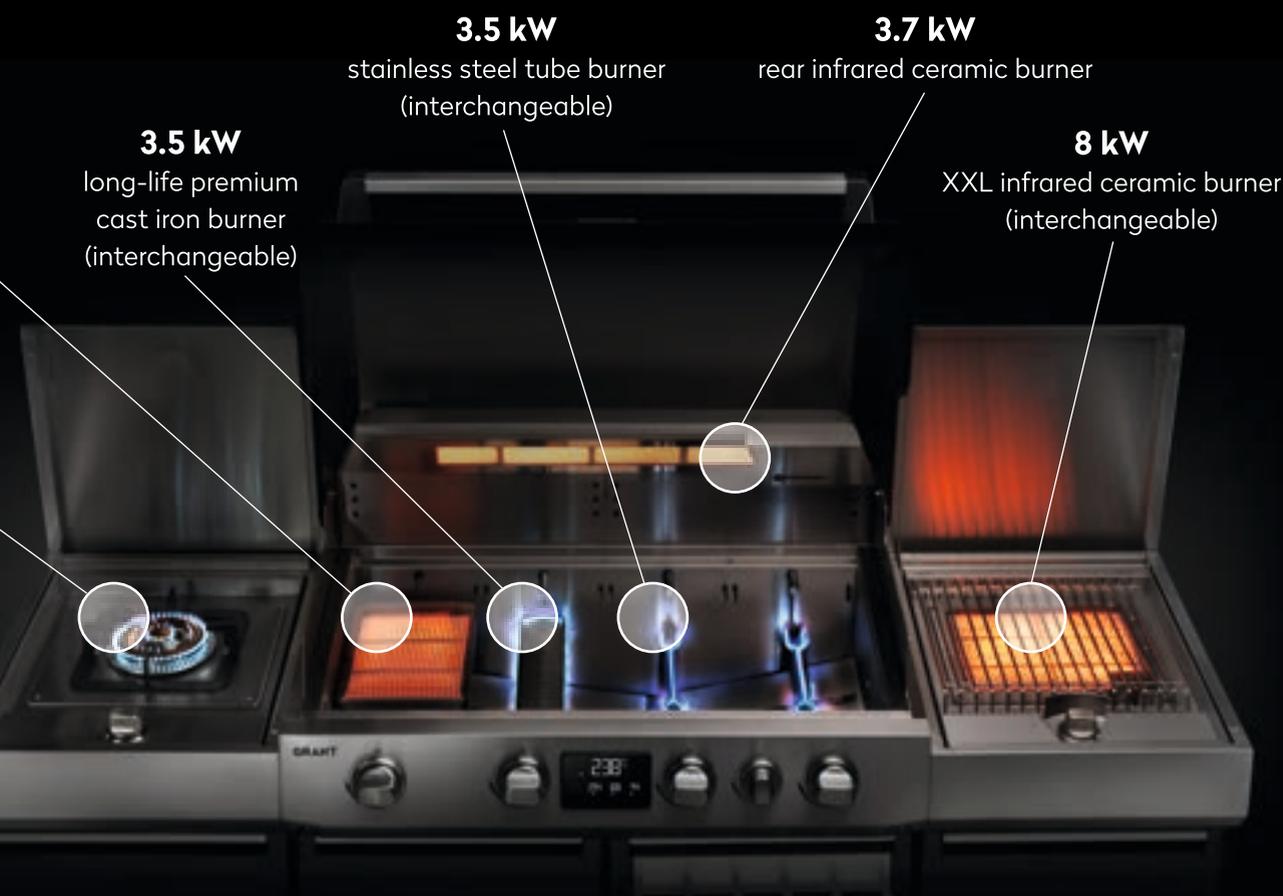

Customise your cooking chamber and swap out burners in seconds – no tools needed, thanks to the **FitnFire™ system**. With **Kickstarter piezo ignition** and stepless heat controls, you've got total command of the flame. **Stainless steel or cast iron grids?** Choose the gas grill that fits your grilling game.

Equip the **Universal frame** of your side table with **Click-In modules**. It's your call:

-  8 kW infrared ceramic burner
-  2.8 kW side cooker
-  Chopping board with GN food container

Click in what you need, when you need it. Or leave the modules out and use the stainless steel lid as a sleek work surface.

Base unit or single cabinet – design your storage the way you need it. Choose between **doors or soft-close drawers** and organise your space just how you like it. Perfectly sized for Click-In modules, gas bottles and all your essential gear.

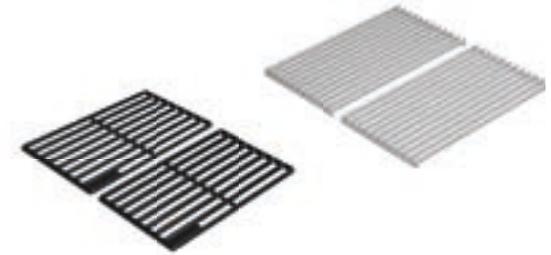

This illustration shows all active burners for illustrative purposes. Please refer to the operating instructions.

Smart design built to last.

The GRANT modules at a glance:

From burners to tool rails – GRANT modules let you shape your gas grill exactly the way you want it. Choose from **three burner types**, clever **Click-In modules**, drawers, gas bottle holders, temperature probes and more. For BBQ your way.

Cast iron or stainless steel grids:

Choose your burner:

Click-In modules or work surface: switch anytime!

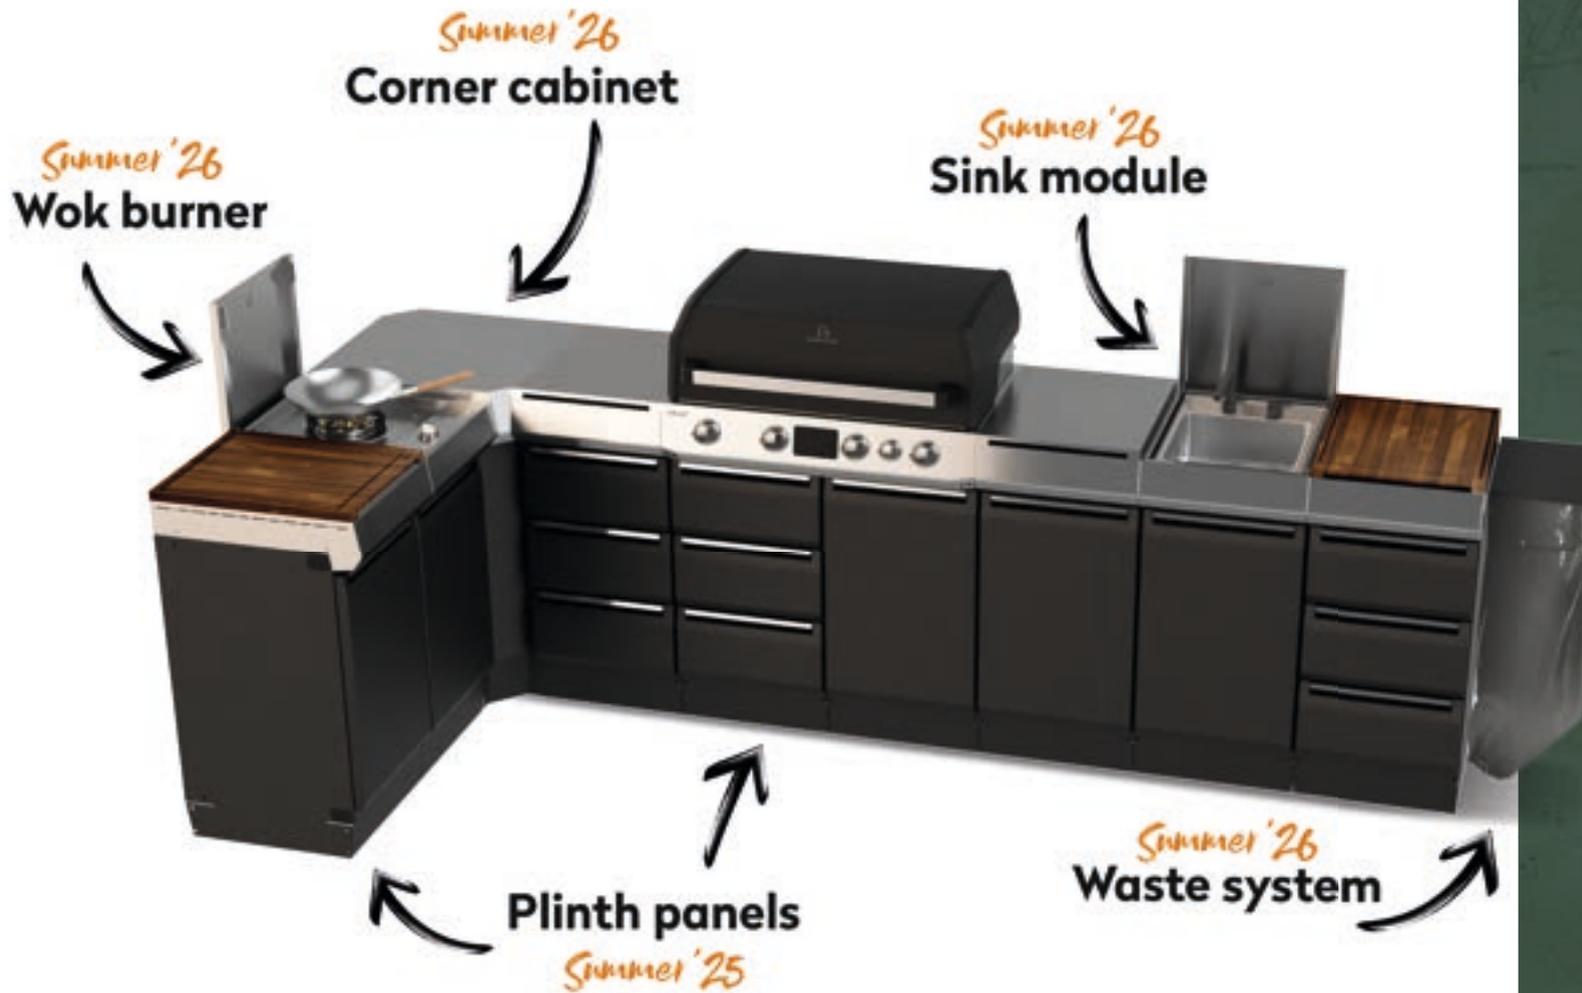

Storage, just the way you need it!

FRED

THE ALL-ROUND GAS GRILL

The FRED series is perfect for **beginners or BBQ fans** looking for a reliable everyday barbecue. **Built for better BBQ**, these all-rounders come packed with everything you need to get grilling: **powerful performance, smart features and solid construction** – all with maximum flexibility.

ALWAYS THE RIGHT HEAT

Powerful tube burners, 900 °C infrared ceramic zone burner and rear infrared ceramic burner – for perfect control and full flavour.

BUILT TO LAST

Choose the stainless steel version with full stainless steel body and firebox – or go for the Black Edition with tough, matte black powder coating on cold-rolled steel.

CHILL-OUT SESSION OR FULL-ON BBQ PARTY

Generous grill surfaces for 5 to 20 people, with your choice of stainless steel or cast iron grates.

FULLY EQUIPPED

Includes a durable cover, smoker box and more great extras – right out of the box.

Top-notch grill. First-class service.

[...] The grilling experience is just amazing – we cook outside more often than in our kitchen since we got this barbecue. [...]

FRED user Michael (online customer review)

EARL

THE PREMIUM GAS GRILL

Our premium EARL series is made for **true BBQ pros** and serious flavour seekers. With **high performance, quality build and standout style**, these gas grills set a new standard for professional grilling. Ready to unleash your inner grillmaster? Then EARL is your playground.

SERIOUS HEAT

Powerful tube burners for precise temperature control, stainless steel rear burner and a 900 °C infrared ceramic zone for perfect searing.

PREMIUM MATERIALS

Available in full stainless steel or as a Black Edition – stainless steel with a tough matte black powder coating.

PLENTY OF SPACE FOR EVERY OCCASION

Large grilling areas for up to 20 people. Choose between stainless steel or cast iron grates – the choice is yours.

THOUGHTFUL FEATURES

Smart 3-piece drawer system, foldable side tables, smoker box and cover included.

An absolute beast.

[...] Top marks for the look, performance and build quality... there's just no competition! [...]

EARL user Rob (online customer review)

JONES

THE COMPACT CAMPING GRILL

Ready for a pocket-sized grill party? JONES is your ticket to unforgettable BBQ moments. Award-winning and packing serious power, this **ultra-compact BBQ buddy** goes wherever you dare to grill. **Grab your JONES Jr. or JONES, pop it open – and fire it up.** Anytime, anywhere.

SET UP IN JUST 1 MINUTE

Thanks to the FitnFire™ system, it folds out and locks into place in no time.

ULTIMATE PORTABILITY

Ultra-compact at just 33 × 23 × 8.5 cm or 43 × 32 × 8.5 cm when folded, and weighing only 4.4 or 7.3 kg with lid – ready for any grilling adventure.

SMALL SIZE. BIG POWER.

One or two powerful 3.2 kW burners with stepless control deliver up to 500 °C – just like at home.

SMART ACCESSORIES INCLUDED

Always ready to go: includes a 2-in-1 carry bag with grill mat and 4-in-1 BBQ tool.

One hell of a machine

[...] Super compact – but still plenty of space for sausages, skewers or steaks. Serious heat under the lid, great for indirect grilling and perfect sear marks when you crank it up. [...]

JONES user Gerrit (online customer review)

WAYNE

THE BALKONY GAS GRILL

Fire up grill sessions that make the neighbours jealous! Meet WAYNE – our **compact gas grill built for city life**. Ready for perfect steaks and legendary balcony BBQs? With WAYNE Jr. or WAYNE, you're the undisputed grillmaster of your block – **small footprint, big flavour**.

COMPACT SIZE. BIG POWER.

One or two steplessly adjustable burners with up to 4.4 kW output deliver temperatures of up to 390 °C – for top-notch BBQ results.

BUILT FOR BALCONIES

Lightweight, space-saving design with carry handles and a fitted cover for tidy storage.

QUALITY WHERE IT COUNTS

Die-cast aluminium cooking chamber and stainless steel burners – durable, efficient and built to last.

FEEDS UP TO 4 PEOPLE

Generous 43 × 32 cm or 47 × 36 cm cooking area with heavy-duty cast iron grates.

This grill's top-notch

[...] Solid build, great performance. The BBQ really delivers – great value for money, highly recommended.[...]

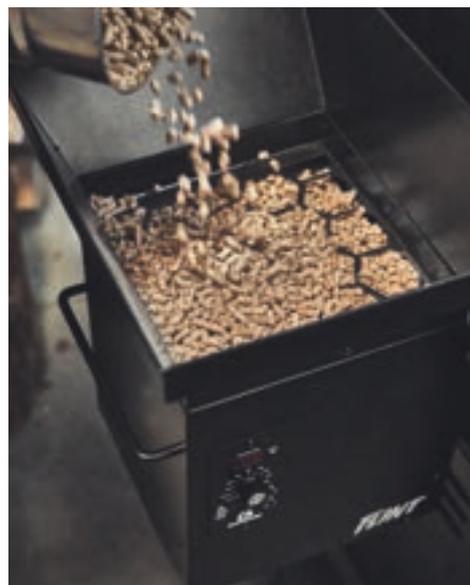

WAYNE user Lukas (online customer review)

FLINT

THE PELLETT SMOKER

Step into the world of **smoky flavour** with FLINT – our tribute to the craft of **traditional smoking**. This pellet smoker delivers **steady heat** and **rich aromas** for hours on end.

So grab your FLINT and **experience your most flavour-packed BBQ** yet!

STEADY HEAT, STEADY SMOKE

Hot smoking, slow smoking or baking – from 60 to 230 °C across two generous cooking areas (66 × 49 cm and 66 × 36 cm).

LONG-LASTING FLAVOUR

Fill the pellet chamber and infuse your food with delicious smoky notes for up to 24 hours.

CONTROLLED COOKING

Precise temperature control for slow, indirect heat – easily adjusted via the intuitive control panel.

SMART DESIGN

With a fold-down front shelf and a spacious base cabinet with shelving for all your smoking gear.

For me, this is **THE** pellet smoker.

[...] Delivery was super fast. All great. For the price, the quality of the FLINT is seriously good. [...]

Manuel (online customer review)

TONY

THE COMPACT GAS PIZZA OVEN

This compact gas pizza oven is **perfect for beginners and anyone craving real Neapolitan pizza** without the fuss. With a **powerful burner** and **smart heat circulation**, TONY delivers that airy crust, crisp base and perfectly melted cheese – **in just 90 seconds**. Whether it's your first pizza or you're levelling up your skills – TONY brings authentic pizzeria flavour straight to your home.

PERFECT PIZZA IN 90 SECONDS

Watch your pizza rise and bubble at an ideal 450 °C – ready in just a minute and a half.

HOTSPOTS UNDER CONTROL WITH THE L-BURNER

Thanks to the L-shaped burner, you get clear hotspots for single-turn baking and even results.

EXTRA-LONG SLIDE-IN AREA FOR EASY HANDLING

Generous front opening and spacious baking chamber make loading, turning and removing your pizza super smooth.

BUILT FOR SERIOUS HEAT

Cordierite pizza stone, stainless steel-lined chamber, and powder-coated steel housing – made for high-temp perfection.

We love TONY!

„I got TONY for Christmas and have made pizza at least once a week since. It's insane – under 90 seconds and your pizza is just as good as your favourite Italian place. We love TONY!“

Marcus (online customer review)

Fat TONY

PRECISION FOR PIZZA PERFECTIONISTS

This is where the heat rules – and you're in full control. Fat TONY is the gas-fired pizza oven for ambitious home pizzaioli and true pros. With **pinpoint temperature control, an extra-large baking surface and serious power**, it takes your craft into the hot zone. Whether you're going Neapolitan or aiming for ultra-crispy thin crust – **Fat TONY delivers the exact heat profile for every pizza style**. Fine-tuned to the last bubble in the crust – are you ready for the ultimate in pizza performance?

PERFECT PIZZA IN 90 SECONDS

Watch your pizza rise and bake to perfection at 450 °C – ready in just 90 seconds.

DUAL ZONE HEAT MONITORING – UNMATCHED PRECISION

Monitors both pizza stone and chamber temperatures for total control of top and bottom heat. Includes settings for Neapolitan and classic pizza styles.

L-SHAPED BURNER FOR PERFECT HOTSPOT CONTROL

The efficient L-shaped tube burner gives you flexibility and even bakes with just a single turn.

EXTRA-LONG SLIDE-IN AREA FOR EASY HANDLING

Spacious front opening and baking chamber make loading, turning and removing your pizza smooth and effortless.

Dual zone heat monitoring
