TRENDSETTER & GROWTH MARKET: GRIDDLE GRILLS

NEW

THE US GRILL MARKET SETS TRENDS

GRIDDLE GRILLS have experienced **DOUBLE-DIGIT GROWTH** over the last three years, while the gas and charcoal categories have declined.

Consumer preference and demand for a versatile, economical outdoor cooking solution have driven this growth.

< BACK

VARIETY FOR EUROPE – UNDERSTANDING BENEFITS

GRIDDLE GRILLS OFFER ADVANTAGES OVER TRADITIONAL GAS GRILLS

- HIGH VARIETY:** The ability to use many preparation methods, smaller foods are preserved.
- LARGER QUANTITY:** Ability to prepare multiple dishes at once.
- CONVENIENCE:** It is easy to clean because there is less pollution when grilling compared to cooking. Compared to conventional grills: No more flare-ups and burnt food.

More fun and time grilling with friends and family!

◀ BACK

THE ALL-ROUNDER

FROM BREAKFAST TO LUNCH TO DINNER

Consumers feel **ADVENTUROUS** and **CREATIVE** when using the Griddle Grills.

A Griddle Grill invites exploration and offers **ADDITIONAL COOKING OPTIONS** that a traditional gas grill does not provide: Breakfast, lunch, dinner – no more limits.
